Working With Cultivate

Websites, online stores, and marketing for small farms and food businesses. Plain prices, written quotes, and a free first call.

Cultivate
local food marketing

Packages and starting prices

Marketing Checkup — from $350

I go through your website, Google listing, email, and social. Then a 1-hour call and a written list of what to fix first, in order. Yours to keep whether you hire me or not. The fee comes off any package you start within 60 days.

1–2 weeks

Farm Store Starter — from $2,500

A store on Shopify, Square, Barn2Door, or GrazeCart with your products (up to 25 to start), pickup and local delivery or shipping set up, payments, your About and FAQ pages, a recorded walkthrough, and 90 days of help after launch.

3–5 weeks

Website Refresh — from $1,800

Up to 6 pages rewritten and rebuilt on the platform that fits you, a working contact or order form, your Google listing cleaned up, basic search setup, a recorded walkthrough, and 90 days of help after launch.

3–4 weeks

Monthly Marketing Help — from $600/month

Two newsletters a month, up to 2 hours of site or store updates, and a 30-minute check-in call. Add Google and Meta ad management from $300/month (ad spend paid by you, separately). A short plain-words report every month. Month to month, 30 days' notice.

Ongoing

Bigger jobs like meat processors, food hubs, multi-farm marketplaces, and wholesale ordering get a custom quote after a call.

How it works

1. **We talk.** A free 30-minute call. I'll tell you straight whether I can help.
2. **You get a plan and a price in writing** before any work starts.
3. **I build it and show you how to run it.** Your site, store, and email list are in your name and stay with you.

Good to know

- You work directly with me, start to finish. When a job calls for a photographer or developer, I bring in people I trust.
- Platform fees and ad spend are paid by you, directly.
- I answer within one business day, Tuesday through Friday.
- Shopify Partner and Klaviyo Partner.
